Approved Vendor List

This list is not all-inclusive. If a member wants a vendor added, simply contact a member of the Uniform Committee (Robert/Jason/Deb) and we will confirm the vendor can provide an identical product. If they can, we will add the vendor to the list and make an announcement of the change.

We have assembled a list of vendors for specific items. If the vendor is identified as a “Sole” vendor (all members must use the vendor identified), it will be stated as such. If you can choose any vendor, a list of vendors that members have found reliable will be identified along with notes.
